Education

08.2022 – 05.2027 (expected) **University of North Carolina at Chapel Hill**
Ph.D. Marine Sciences (Advisor: Dr. Harvey Seim)

03.2019 – 02.2021 **Pusan National University**
M.S. Oceanography (Advisor: Dr. Young-Heon Jo)

03.2015 – 02.2019 **Pusan National University**
B.S. Oceanography

Professional Experience

08.2022 – present **Research/Teaching Assistant**
University of North Carolina at Chapel Hill

03.2021 – 07.2022 **Associate Researcher**
Pusan National University

Research Interests

- Western boundary current dynamics and long-term variability
- Current-topography interactions and boundary current separation
- Mesoscale processes and air-sea interactions
- Observational oceanography integrating in situ measurements and satellite remote sensing

Manuscripts in Preparation

[1] **Jeong, Y.**, Seim, H., Muglia, M., Taylor, T. (in prep). Extraction and Evaluation of Gulf Stream Parameters from Long-Term High-Frequency Radar Observations

[2] **Jeong, Y.**, et al. (in prep). Observed Equatorward Shift Events of the Gulf Stream near Cape Hatteras and Their Atmospheric Forcing

[3] **Jeong, Y.**, et al. (in prep). Repeated Recovery from Topographic Perturbations Preserves Gulf Stream Path Coherence before Separation

[15] **Jeong, Y.**, Nam, S. H., Kwon, J.-I., Jo, Y.-H. (2022). Surface warming slowdown with continued subsurface warming in the East/Japan Sea over the recent decades (2000-2014). 2022 Ocean Sciences Meeting (OSM), oral presentation

[16] **Jeong, Y.**, Nam, S. H., Kwon, J.-I., Jo, Y.-H. (2021). Causes of the Surface Warming Slowdown in the East/Japan Sea. 2021 Asia Oceania Geosciences Society (AOGS), oral presentation

[17] **Jeong, Y.**, Nam, S. H., Kwon, J.-I., Jo, Y.-H. (2021). Surface warming slowdown with continued subsurface warming in the East/Japan Sea over the recent decades (2000-2014). Korean Society of Oceanography (KSO), Spring meeting, poster presentation
(This poster won the best student poster award in the division of physical oceanography at KSO)*

[18] **Jeong, Y.**, Jo, Y.-H. (2020). Causes of the Surface Warming Slowdown in the East/Japan Sea. Korean Society of Oceanography (KSO), fall meeting, poster presentation

[19] **Jeong, Y.**, Jo, Y.-H. (2020). Causes of the Surface Warming Slowdown in the East/Japan Sea. 2020 Ocean & Atmosphere Science Interdisciplinary Studies (OASIS), oral presentation
(This presentation won the best oral presentation award)*

[20] **Jeong, Y.**, Jo, Y.-H. (2020). The processes of surface warming hiatus in the East/Japan Sea. Korean Society of Oceanography (KSO), spring meeting, poster presentation

[21] **Jeong, Y.**, Jo, Y.-H. (2019). The processes of surface warming hiatus in the East/Japan Sea. Korean Society of Oceanography (KSO), fall meeting, poster presentation

Teaching Experiences

(Spring 2023) | Graduate Teaching Assistant, MASC 101L, The Marine Environment Laboratory
Led laboratory sessions and guided students through experimental procedures.

(Spring 2023) | Graduate Teaching Assistant, MASC 101, The Marine Environment
Graded assignments and held office hours.

(Spring 2024 - Spring 2025) | Undergraduate mentoring
Mentored undergraduate students in processing Gulf Stream time-series data from the Cape Hatteras region and the Florida Straits.

Invited Talks

2025 Long-term observation of the Gulf Stream off North Carolina using HF Radar. Pusan National University

2024 Long-term observation of the Gulf Stream off North Carolina using HF Radar. Seoul National University

Professional Service

02.2026 **Student Session Moderator, Ocean Sciences Meeting, Glasgow, UK**
Session: PS003 Dynamics of the ocean’s overturning: past, present, and future

05.2023-present **Glider Piloting (SECOORA project)**
Optimizing waypoint navigation for underwater gliders in dynamic ocean conditions and monitoring glider behavior
Providing shore-based support for glider deployment and recovery operations
Correcting salinity data from the G1 Glider's non-pumped CTD sensor

Awards, Grants, and Fellowships

2027 (selected)	**Department dissertation completion fellowship** Earth, Marine, and Environmental Sciences Department, UNC Chapel Hill
2026 (selected)	**Selected Participant** Physical Oceanography Dissertation Symposium (PODS XIV)
2022	**Gussenhoven Graduate Student Fellowship ($4000)** Earth, Marine, and Environmental Sciences Department, UNC Chapel Hill
2021	**Korean Society of Oceanography, Spring meeting, Best student poster award** Korean Society of Oceanography (KSO)
2020	**Ocean & Atmosphere Science Interdisciplinary Studies (OASIS) Oral Presentation Grand Prize** Korea Hydrographic and Oceanographic Agency (KHOA)
2020	**PNU Graduate School Academic Award (Excellent Paper Award)** Pusan National University (PNU)
2018	**Scholarship for Academic Excellence** Pusan National University (PNU)
2017	**Scholarship for talented students from leading university promotion project of Busan** National Research Foundation of Korea (NRF)

Research Cruises

05.27.-06.12. 2023	**R/V Sally Ride** CTD operations and drifter deployment (Upwelling Dynamics) California Coast
01.02.-01.12. 2023	**R/V Neil Armstrong** CPIES deployment (NASA SWOT cal/val project) Cape Hatteras (U.S. East Coast)

Field Experiences

03.12.-03.17. 2023	**High-Frequency Radar Repair and Reinstallation** Outer Banks, NC – HATY, DUCK, JENN sites
03. 2019	**R/V NARA** Operated CTD instruments and trained undergraduate students in their use.

Professional Training

(08. 2022) North Pacific Marine Science Organization PICES Summer School [Ocean Big Data]

Analysis of observed hourly submesoscale surface current maps

Technical Skills

Programming: MATLAB, Python

Data Analysis: Oceanographic data processing; time-series analysis; scientific visualization

Memberships

American Geophysical Union (AGU)

The Korean Society of Oceanography (KSO)
